

Message from Karen

During my time as Head teacher it has been a privilege to work with 'the Friends'. Our meetings are always informal affairs; with lots of business but also laughs involved. This year has been no different.

Melanie as Chair and Cheryl as Vice chair, alongside all the committee members and class reps, have yet again given of their time, support, energy and enthusiasm to ensure that they all work together with the common goal of enriching the children's education.

Cake stalls, discos, coffee making, quiz night, fetes and fireworks are just a few of the wonderful things that have taken place. This has enabled funding to be given to numerous things including trips, resources and the library revamp.

The staff and governors would like me to express our huge thanks for everything you have all achieved and contributed. The 'Friends' do make a real difference to the pupils at DCIS.

Finally, I would like to add my personal thanks to you all, whenever I see you around school I am always greeted with smiles and 'yes' Karen we can do that!

You really are a fantastic team - thank you for everything, it has been a real pleasure working with you all.

Karen
