Year 1 Autumn 1 Home Learning

These are optional activities to support your learning in class.

Please bring any completed activities in to class by Friday 18th October.
Please make sure they are all named.

Maths

Can you form the numbers 0-20 correctly? Have you made sure your numbers are the correct way around?
Use your place value knowledge to talk about the tens and ones in each number. How many tens? How many ones?

English

Can you write a five-sentence story using these sentence starters?
Once upon a time. One day. Unfortunately. Luckily. Finally.

Science

Can you find an item in your house made from each of these materials?
wood, metal, paper, cardboard, plastic, glass, fabric, stone/brick
Why do you think these objects are made from these materials?

Art

Can you use a range of resources to create an interesting self-portrait. You could take inspiration from a range of famous artist like Vincent Van Gogh and Frida Kahlo.

Computing

Find items in your house that use IT, eg computers, phones, smart speakers.
Draw and label what you find.

History

Draw your favourite toy and label its features. You can include toys from when your parents and grandparents were children and make comparisons.
