Anything from last meeting		
Time out of class at the end of the day	Year 1 classes late opening 15 minutes between the two Consistency of getting out on time 3 pm	
Year 1 not having a show	Christmas craft was late in the term. The parents enjoyed the crafts - Not taking away from the curriculum Year 1 doing some performances – Parents wondered if the classes would consider doing class assemblies	
The Sunday afternoon listing What communication do you know you get?	The Sunday listing was good for knowing whether club was running. The forum liked the listing. Newsletter – it's in good format Weduc – you get an email, but you have no title. It stops you looking at them because you don't know what the content Junior just emails and you can see exactly what its about. Parents swipe off the email and look at the app.	

	If you have read it, you then can't find it because there is no title. Board at the front of the school is useful. Weduc class information What's could be better – Notice periods can be too late but Forum feel that 2/3 weeks is probably sufficient
This school year so far what's working well	Really happy with how much coming into school. Where children are met on the door as much as possible is appreciated. Really happy with how Year R have settled. Watching the teaching has been lovely. Good mix of fun stuff and informative stuff . Workbook going home means we know where they are but no pressure. Homework is not pressurised. Support staff have been helpful and lovely..
What's not working well	Gritting the paths. Parking and driving - PTA – people are willing to help.. Shall we start a fresh? Staff members? Fireworks – that was shame. If there had been communication at the beginning of the year we would have got organised. Was it because of the new estate? There were new regulations The community would like to have found out why it was not on – infomation should have been published.
	For the next meeting .....
	• What parents like to know about that is happening in school? • Items that the parent community bring to the forum • Transition to the next class
Next meetings	• Friday 20th March at 2pm
